

# WINTRAC XTREME

## HIGH PERFORMANCE WINTER DESIGN

FEATURES	BENEFITS
Developed by Giugiaro Design	Powerful appearance due to aggressive, firm lines
Innovative sipe technology	Straight sipes across the tread for a good grip on snow Zigzag sipes in the tread shoulders for perfect handling
Optimum Silica Processing™ (OSP™) in the tread compound	Increased grip on wet surfaces Excellent aquaplaning stability Good performance on snow and ice
Speed codes H, V and W	True high-performance winter tyre with good course stability and steering precision
Equal distribution of pressure across the footprint	Low noise levels throughout the tyre's life-span Perfect driving performance in winter conditions
